A Message from BVCA Partnership...

Blue Valley Community Action Partnership's thirty-ninth year saw many fortunes ebb and flow. We watched our Asian neighbors struggle to recover from a devastating tsunami, never dreaming our own Gulf coast would soon suffer a similar fate at the hands of Hurricane Katrina. Nationwide, health care costs continued to spiral out of control, energy costs went through the roof, and while politicians debated government's responsibility to care for our less fortunate, more and more families fell into poverty.

Yet instead of real solutions, we heard about bleeding heart liberals and uncaring conservatives, when the truth is there were also plenty of uncaring liberals and bleeding heart conservatives. Thus, to the embarrassment of the wealthiest nation on earth, most government "reforms" translated into cuts for the poor.

It is a shame that the politics of division hampers meaningful solutions to address the real problems of poverty. Perhaps, folks don't want to face the ugly truth or are overwhelmed by the magnitude of the problem. This could explain why one day a disaster rivets our attention on the issue of poverty and the next we see it easily drop from the radar of public opinion. The sad thing is that poverty won't go away if it is ignored, it will only get worse.

Within our area, a family now needs to earn \$14.00 per hour to stay above water. Yet the minimum wage of \$5.15 per hour is less than the poverty rate. Indeed while most poor folks work, some at more than one job, they cannot get ahead.

How do folks survive? They rely, quite literally, on the kindness of strangers. We encourage you to join the generous supporters of Blue Valley Community Action Partnership. Private donations will help our families through a time when costs are rising and resources are tightening. With your unselfishness, we can continue the fight to ensure our less fortunate neighbors have a place to go in their worst moments. Please help us.

Acknowledgment

Blue Valley Community Action Partnership would like to thank the counties, communities, agencies and dedicated individuals who make the work of our organization successful and positive for those we touch and who touch us by their gratitude and generosity.

Our private non-profit corporation has become a major community resource for those in need throughout the area. It would not have happened without dedicated staff, community support and the hundreds of volunteers who assist us every year. As we begin our 40th year we sincerely thank and acknowledge the generosity and community spirit of the folks in Nebraska and Kansas who are our fantastic neighbors and friends.
